SUBJECT INDEX

Abdominal
  delivery *See* Labour and delivery
  pregnancy *See* Pregnancy ectopic
Abortion *See also* Miscarriage
  effect on subsequent pregnancy outcome, long-term controlled cohort study 1015
  first trimester
    comparative effects of gemeprost and mifepristone on cervical resistance 1025
    effect of mifepristone on cervical resistance, RCT 778
  in Poland, legal aspects, commentary 1201
  psychiatric morbidity and acceptability associated with surgical or medical methods 396; correspondence 1312
  recurrent miscarriage *See* Miscarriage
  risk factor for ectopic pregnancy, case-control study 207
  second trimester
    efficacy of gemeprost for cervical preparation 731
    induced by gemeprost associated with uterine rupture, correspondence 416
  spontaneous *See* Miscarriage
Acetylcholinesterase (AChE) to butyrylcholinesterase (BuChE) ratio in amniotic fluid, differential diagnosis of fetal abnormalities 52
AIDS, a cause of maternal death, case report 725
Alpha-fetoprotein (AFP)
  levels in amniotic fluid, extraembryonic coelomic fluid and maternal serum between 8 and 12 weeks 866; commentary 849
  screening associated with cotinine-assisted intervention to reduce smoking 859
Amenorrhoea *See* Menstrual cycle
Amniotic fluid
  AChE to BuChE ratio, prognostic significance for fetal abnormalities 52
  AFP concentrations between 8 and 12 weeks gestation 866
  amniocentesis
    in first trimester for prenatal diagnosis, commentary 849
    uptake and attitudes in older women 282
  amniotomy, effect on duration of labour, RCT 84; correspondence 1059
  hydramnios associated with placental chorioangioma, case report 322
  low levels of oestriol and DHEAS with high hCG in Down's syndrome 1160
  polyhydramnios, acute recurrent, management with indomethacin, case report 583
  two tests for fetal lung maturity, two bedside indicators 479
Amniotic membrane
  preterm prelabour rupture
    and amnionitis, diagnostic value of maternal serum CA 125 levels 835
    association with vaginal infection 427
  PGE_2 production, in vitro quantitative study 712
Analgesia/Anaesthesia
  epidural in labour
    associated with transient impaired utero-placental circulation, Doppler study 1174
    in Takayasu's arteritis, case report 408
  pain relief in labour, long-term maternal consequences, commentary 1193; correspondence 333
Androgen and oestrogen states in oligo-amenorrhoeic women with PCO disease 294
Angiotensin II
  platelet binding sites in normotensive and hypertensive women 436
  positive pressor response in normotensive pregnancies with abnormal umbilical artery FVW 698
  sensitivity and supine pressor test, prediction of PIH, correspondence 231
  serum levels in hypertensive and normotensive pregnancies 155
Antibodies/Antigens
  anticardiolipin levels in pre-eclamptic women 604; correspondence 1313
  anti-Kell in pregnancy, frequency and effect on outcome, 25-year survey 162; correspondence 943
  anti-platelet, prognostic marker in lupus nephritis, case reports 324
  anti-D prophylaxis for rhesus disease, costs in India 369; commentary 509 (erratum 1192)
  autoreactivity to nuclear, phospholipid and smooth muscle antigens in endometriosis 680
  CA 125 serum levels
    in pregnancy not diagnostic for amnionitis with preterm prelabour rupture of the membranes 835
    lower in Down's syndrome pregnancies 493; correspondence 946
    raised in carcinoma of the fallopian tube, two case reports 602
  HIV-1 seroconversion in pregnancy, effect on perinatal transmission 940
  maternal anti-Ro (SS-A) antibody, review of current management 751
  monoclonal JMB 2, cytokeratin marker, trophoblast deportation study 973
  overlap syndrome, effect on pregnancy outcome, case report 728
  screening for cytomegalovirus 135
  tumour markers, CEA, EMA, DD9 and CAM 5·2, localization in epithelial ovarian cancer 73
Artificial insemination *See* Infertility
Atrial natriuretic peptide and atrial size during normal pregnancy 202; correspondence 1188
Audit *See also* Population studies
  in obstetrics, effects of, commentary 1065
  management of ectopic pregnancy 1267

midtrimester uteroplacental, screening study for pre-eclampsia and IUGR 871
predictive value for outcome, umbilical artery 378
transient improvement after maternal steroid therapy, umbilical artery, case report 492
umbilical artery in hypertensive pregnancy, labetalol and hydralazine effects 453; correspondence 1187
umbilical artery and maternal angiotensin sensitivity 698
uterine artery, abnormal FVW associated with placental abruption, case report 225
uteroplacental circulation 1174
echocardiography for measurement of fetal cardiac heamodynamics 807
guided fetal blood sampling 892
transvaginal sonography
for CRL in early pregnancy 460; correspondence 946
for early pregnancy dating, correspondence 330
for endometrial thickness measurement in postmenopause 470
hydrotubation for patency testing 1031
prognosis of ectopic pregnancy, correspondence 233
use in clinical management of vaginal bleeding, case reports 485
Umbilical cord
artery flow velocity waveform studies

and maternal angiotensin sensitivity 698
in high risk pregnancies effect on outcome, RCT 956
predictive value for outcome, six-year study 378
cordocentesis
and pregnancy loss in relation to indication 892
for diagnosis of congenital toxoplasmosis 832; correspondence 1311
for fetal blood gas analysis 820
vein injection for management of retained placenta 348
Urinary tract *See also* Bladder
detrusor instability, commentary on current management, correspondence 114
distal urethral electrical conductance, quick screening test for incontinence 69
effects of pregnancy on previous incontinence surgery, case report 1181
genuine stress incontinence, diagnostic accuracy of symptoms analysis 815
sensory urgency, subjective perception of bladder fullness 1287
Stamey endoscopic bladder neck suspension, clinical and urodynamic study 1141
stress incontinence, treatment with colpo-needle suspension 1183
ureteric obstruction in pregnancy, diagnosis and management 1137
uretero-vaginal fistula symptoms controlled with a modified contraceptive diaphragm, case report 101
urinary symptoms in early pregnancy, urodynamic assessment 1283
voiding in the crouching position, effect on urine flow rate and residual volume 569
Uterus *See also* Endometrium
connective tissue, insufficient remodelling associated with slow progress in labour 1212
fibroids, risk of recurrence after myomectomy 385
haematometra secondary to HRT, case report 837
hysterectomy *See* Hysterectomy
hysteroscopic endometrial resection, patient selection 228; correspondence 839, 948
rupture in midtrimester abortion induced by gemeprost, correspondence 416
uterocervical angle, effect of cervical traction with a tenaculum 309
uteroplacental blood flow velocity studies
abnormal pattern associated with placental abruption 225
in second trimester, screening for IUGR and pre-eclampsia 871
uteroplacental circulation in labour, effects of epidural 1174
vaginal hysterectomy combined with proplylactic oophorectomy in 1440 women 662
vaginal sonography for management of abnormal bleeding, case reports 485

Vagina
abnormal postmenopausal bleeding, outpatient management with endometrial biopsy 488
agenesis
free-flap vaginoplasty procedure 184
tissue expansion vaginoplasty, procedure and results 564
episiotomy repair, use of Histoacryl 476; correspondence 1315
epithelial abnormalities in patients with CIN, clinical and pathological features and management 25
microflora effect on preterm labour 427
transvaginal sonography
for CRL measurement 460; correspondence 946
for ectopic pregnancy, correspondence 233
for endometrial thickness in postmenopause 470
for management of abnormal bleeding 485
hydrotubation for patency testing 1031
uretero-vaginal fistula, symptoms relieved with a contraceptive diaphragm, case report 101
vault prolapse, surgical management 1150
vaginal hysterectomy combined with prophylactic oophorectomy in 1440 women 662
Verapamil (Ca antagonist), effect on respiratory function in severe pre-eclampsia 964
Virus infections
congenital and maternal cytomegalovirus infections in a London population 135
hepatitis B, perinatal transmission, prevention and control 141
human immunodeficiency virus (HIV)
AIDS, cause of maternal death, case report 725
clinical presentation in a genitourinary medicine clinic 103; correspondence 612
HIV-type 1 seroconversion in pregnancy, effect on perinatal transmission 940
human papilloma virus (HPV) cervical infection, serial histological changes correlated with HPV genome detection 1042
reducing the risk of infection for obstetricians, commentary 125
Vitamin B therapy for premenstrual syndrome, correspondence 329
Vulva
Darrier's disease, correspondence 112
reconstruction by free tissue transfer, case report 98, 613
scarring, cicatricial pemphigoid diagnosed from ocular features, case reports 482
vestibulitis syndrome, clinciopathological study 703
vulvodynia and selective IgA deficiency, case reports 592

Water, cellular overhydration associated with fall in plasma osmolality in normal pregnancy 1205

Zoladex *See* Goserelin
